

PAYware Mobile

PAYware Mobile delivers:

A Secure Card Reader and Payment App for the iPhone

- Professional Speed and Convenience**
 Eliminate hand keying card numbers, speed transaction times and easily capture signatures and send email receipts using the PAYware Mobile payment app and iPhone secure card reader.
- End-to-End Security**
 Unlike other readers, PAYware Mobile uses VeriShield Protect to encrypt card data during the card swipe process, so no sensitive data ever reaches the iPhone payment app.
- Saving Small Businesses Money**
 Lower bottom line costs using the PAYware Mobile payment app with a reader to obtain swiped card Interchange rates.

PAYware Gateway Pricing

Per PAYware account; additional devices may be added per account for \$5/mo per reader.

Month-to-Month PAYware Service Plan

Merchant Boarding Fee	\$ 49
One PAYware Mobile Card Reader Included	Free
Monthly Service Fee	\$ 15
Per Transaction Fee	\$0
Early Termination Fee	None

Getting Started

Vantage will establish a merchant account and set up the selected PAYware gateway package. Clients can download PAYware Mobile app from the Apple iPhone App store for free. Once the app is installed it will default to TEST mode. Hit MENU and select MERCHANT SETTINGS. Type in the CLIENT ID as provided by Vantage to register and activate. Select LIVE mode, connect your reader and start processing transactions.
