

EMV chip cards processing is coming to the U.S. and "face-to-Face" card payment fraud liability rules are set to change October 2015. Read more at [www.vantagecard.com/EMV](http://www.vantagecard.com/EMV).

## EMV Chip Card Terminal Upgrade Order Form with Apple Pay

- Please review these EMV terminal upgrade options and email [support@vantagecard.com](mailto:support@vantagecard.com) with your order.
- Please allow up to 4 weeks for free delivery. Billing at time of shipment. The business checking account associated for your card processing agreement will be debited for any fees related to this agreement.

### Dejavoo Z8

- Countertop terminal

### Dejavoo Z9

- Mobile wireless terminal
- Restaurant Pay at the Table

*Notice to Merchants: Dejavoo terminals are EMV-ready pending an auto update to the software that will enable the chip card reader. EMV software testing is in progress with anticipated auto update release date in February 2016. Contactless Payments like Apple Pay and others are live and your terminal will ship with contactless services enabled.*

### Terminal Service Program

#### Receive a Free Z8 or Z9 terminal on loan from Vantage for each currently active terminal

Merchant expressly acknowledges that all free loaner terminals are and shall remain the property of Vantage Card Services, Inc. If merchant stops processing with Vantage, they must return loaner terminals undamaged or pay the current replacement cost per unit. Merchant will be billed an annual Terminal Service Fee of \$99 per Z8 countertop device and \$149 per Z9 mobile device. This fee includes EMV chip software management, upgrades and support & hardware shipping, maintenance and replacements.

OR
